

Stretchtape

Innovative quality packaging solutions since 1983

Stretchtape is a leading supplier of converted polyethylene and polypropylene films and related products for the packaging industry.

We are constantly innovating and evolving to meet the demands of our dynamic marketplace by partnering with distributors to bring creative solutions to the market. Stretchtape understands the demands of our customers to provide superior products, economic solutions, product protection/identification, and environmental responsibility. We challenge ourselves daily to meet those needs.
